Course Policies

Grading Procedure:

Late assignments will be automatically penalized **2% per day** that they are late. **Important:** Please be aware that you will not be able to proceed with the course until you complete the previous module's work.

Grades are not rounded. +/- grades are not generally used and are only assigned under special circumstances.

Late or Missed Assignments:

Notify the instructor **BEFORE** an assignment is due if an urgent situation arises and the assignment will not be submitted on time. Published assignment due dates (Arizona Mountain Standard time) are firm. Please follow the appropriate University policies to request an [accommodation for religious practices](#) or to accommodate a missed assignment [due to University-sanctioned activities](#).

Submitting Assignments:

All assignments, unless otherwise announced, **MUST** be submitted to the designated area of Canvas. Do not submit an assignment via email.

Communicating with the Instructor:

This course uses a discussion board called "Cyber Cafe" for general questions about the course. Prior to posting a question, please check the syllabus, announcements, and existing posts. If you do not find an answer, post your question. You are encouraged to respond to the questions of your classmates.

Email questions of a personal nature to your instructor. You can expect a response within 48 hours.

Online Course:

This is an online course. There are no face-to-face meetings. You can log into your course via MyASU or <https://my.asu.edu>

Email and Internet:

ASU email is an **official means of communication** among students, faculty, and staff. Students are expected to read and act upon email in a timely fashion. Students bear the responsibility of missed messages and should check their ASU-assigned email regularly.

All instructor correspondence will be sent to your ASU email account.

A Note for OGL Majors Only: There are two core courses that you will need to take during your last two semesters prior to graduation, OGL 481 Pro-Seminar I and OGL 482 Pro-Seminar II. These courses must be taken in order and will require some planning on your part if you hope to get the most out of the experience. One very important habit that you can get into now is to save your work! In Pro-Seminar I, you will be asked to reflect on your personal and professional development throughout the Organizational Leadership Program and to compile various "artifacts" that illustrate your mastery of various skills and knowledge. Starting right now, please get into the habit of saving examples of your work (assignments, presentations, discussion posts, assessments, etc.) that you can use as artifacts to illustrate your academic and professional growth throughout the Organizational Leadership Program. You should be keeping a folder (backed up in more than one place) with examples of your best work. You will need this in the pro-seminar as you develop a professional and developmental e-portfolio. Please create a system for saving your work throughout the program. You will be so happy that you did when you finally take the pro-seminar and start preparing for graduation!

Course Time Commitment:

This three-credit course requires approximately 135 hours of work. Please expect to spend around 18 hours each week preparing for and actively participating in this course.

Drop and Add Dates/Withdrawals:

This course adheres to a compressed schedule and may be part of a sequenced program, therefore, there is a limited timeline to **drop or add the course**. Consult with your advisor and notify your instructor to add or drop this course. If you are considering a withdrawal, review the following ASU policies: **Withdrawal from Classes**, **Medical/Compassionate Withdrawal**, and a **Grade of Incomplete**.

Grade Appeals:

Grade disputes must first be addressed by discussing the situation with the instructor. If the dispute is not resolved with the instructor, the student may appeal to the department chair per the [University Policy for Student Appeal Procedures on Grades](#).

Student Conduct and Academic Integrity:

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions, and records. The possible sanctions include but are not limited to, appropriate grade penalties, course failure (indicated on the transcript as a grade of E), course failure due to academic dishonesty (indicated on the transcript as a grade of XE), loss of registration privileges, disqualification, and dismissal. For more information, see <http://provost.asu.edu/academicintegrity>. Additionally, required behavior standards are listed in the [Student Code of Conduct and Student Disciplinary Procedures, Computer, Internet, and Electronic Communications policy](#), and outlined by the [Office of Student Rights & Responsibilities](#). Anyone in violation of these policies is subject to sanctions.

[Students are entitled to receive instruction free from interference](#) by other members of the class. An instructor may withdraw a student from the course when the student's behavior disrupts the educational process per [Instructor Withdrawal of a Student for Disruptive Classroom Behavior](#).

Appropriate online behavior (also known as *netiquette*) is defined by the instructor and includes keeping course discussion posts focused on the assigned topics. Students must maintain a cordial atmosphere and use tact in expressing differences of opinion. Inappropriate discussion board posts may be deleted by the instructor.

The Office of Student Rights and Responsibilities accepts [incident reports](#) from students, faculty, staff, or other persons who believe that a student or a student organization may have violated the Student Code of Conduct.

Use of Generative AI

In this course, all assignments must be completed by the student. Artificial Intelligence (AI), including ChatGPT and other related tools used for creating text, images, computer code, audio, or other media, **are not permitted for use in any work in this class without written permission from your instructor**. Using these tools without the instructor's permission puts your academic integrity at risk. In instances where permission is given, AI should be used with caution and with proper citations that note its use. AI is not a replacement for your own thinking and research.

Use of these generative AI tools without the instructor's permission and without proper citations will be considered a violation of the ASU Academic Integrity Policy, and students may be sanctioned for confirmed, non-allowable use in this course.

Use of Grammarly

Students are permitted to use Grammarly to help improve their writing and check for clarity, spelling, grammar, and punctuation. However, it cannot be used as a form of generative AI to complete assignments. Using Grammarly AI to generate assignments will be considered a violation of the ASU Academic Integrity Policy, and students may be sanctioned for confirmed, non-allowable use in this course.

Title IX:

Title IX is a federal law that provides that no person be excluded on the basis of sex from participation in, be denied benefits of, or be subjected to discrimination under any education program or activity. Both Title IX and university policy make clear that sexual violence and harassment based on sex are prohibited. An individual who believes they have been subjected to sexual violence or harassed on the basis of sex can seek support, including counseling and academic support, from the university. If you or someone you know has been harassed on the basis of sex or sexually assaulted, you can find information and resources at <https://sexualviolenceprevention.asu.edu/faqs>

As a mandated reporter, I am obligated to report any information I become aware of regarding alleged acts of sexual discrimination, including sexual violence and dating violence. ASU Counseling Services, <https://eoss.asu.edu/counseling>, is available if you wish to discuss any concerns confidentially and privately. ASU Online students may access 360 Life Services, <https://goto.asuonline.asu.edu/success/online-resources.html>

Veteran Statement of Support: I am aware of the complexities of being a student veteran. If you are a veteran, on active duty, in the reserves, or a spouse or dependent, stay in contact with me if an aspect of your present or prior service makes it difficult for you to fulfill the requirements of the course. Training and drill schedule, calls to active duty, VA appointments, GI Bill disbursements, and other aspects of service can disrupt academic progress. If you make me aware of a complication, I will work with you and/or put you in contact with university staff who are trained to assist you.

Statement on Inclusion:

Arizona State University is deeply committed to positioning itself as one of the great new universities by seeking to build excellence, enhance access, and have an impact on our community, state, nation, and the world. To do that requires our faculty and staff to reflect the intellectual, ethnic, and cultural diversity of our nation and world so that our students learn from the broadest perspectives, and we engage in the advancement of knowledge with the most inclusive understanding possible of the issues we are addressing through our scholarly activities. We recognize that race and gender historically have been markers of diversity in institutions of higher education. However, at ASU, we believe that diversity includes additional categories such as socioeconomic background, religion, sexual orientation, gender identity, age, disability, veteran status, nationality, and intellectual perspective.

Establishing a Safe Environment:

Learning takes place best when a safe environment is established in the classroom. In accordance with SSM 104-02 of the Student Services Manual, students enrolled in this course have a responsibility to

support an environment that nurtures individual and group differences and encourages engaged honest discussions. The success of the course rests on your ability to create a safe environment where everyone feels comfortable sharing and exploring ideas. We must also be willing to take risks and ask critical questions. Doing so will effectively contribute to our own and others' intellectual and personal growth and development. We welcome disagreements in the spirit of critical academic exchange, but please remember to be respectful of others' viewpoints, whether you agree with them or not.

All incidents and allegations of violent or threatening conduct by an ASU student (whether on- or off-campus) must be reported to the ASU Police Department (ASU PD) and the Office of the Dean of Students. If either office determines that the behavior poses or has posed a serious threat to personal safety or to the welfare of the campus, the student will not be permitted to return to campus or reside in any ASU residence hall until an appropriate threat assessment has been completed and, if necessary, conditions for return are imposed. ASU PD, the Office of the Dean of Students, and other appropriate offices will coordinate the assessment in light of the relevant circumstances.

Prohibition of Commercial Note-Taking Services:

In accordance with [ACD 304-06 Commercial Note Taking Services](#), written permission must be secured from the official instructor of the class in order to sell the instructor's oral communication in the form of notes. Notes must have the notetaker's name as well as the instructor's name, the course number, and the date.

Course Evaluation:

Students are expected to complete the course evaluation. The feedback provides valuable information to the instructor and the college and is used to improve student learning. Students are notified when the online evaluation form is available.

Syllabus Disclaimer:

The syllabus is a statement of intent and serves as an implicit agreement between the instructor and the student. Every effort will be made to avoid changing the course schedule but the possibility exists that unforeseen events will make syllabus changes necessary. Please remember to check your ASU email and the course site often.

Trigger Warning:

Please note that some course content may be deemed offensive by some students, although it is not my intention to offend anyone. In addition, some materials that we link with online might also be considered offensive, troubling, or difficult to review in terms of language or graphics. I attempt to provide warnings when introducing this kind of material; yet, if I forget to do so, or if something else (in my materials or posts from fellow students) seems offensive, please contact me at EMAIL@asu.edu, or the faculty head, <NAME>.
